

Outdoor Sign Systems

American Technical Fabricators is more than a quality sign manufacturer — we help our customers achieve their goals by providing innovative solutions and superior program management. Our entire company is designed to be flexible and responsive to your needs. This means we mold our systems to your specific requirements, and we continuously improve our systems to meet your changing demands. Our goal is to make sign branding easy for our customers — to make our customers look good, over and over again!

Because we control the manufacturing, we control the quality!

Capabilities

Structural Steel – We build all interior and exterior support structures to ensure your signs withstand the forces of nature

Metals Forming – We use sophisticated forming equipment enabling fabrication of complex multi-dimensional shapes

Cutting Technologies – Our advanced cutting systems cut metal and plastic with the accuracy you want

Plastic Forming – We can vacuum form small to moderate sizes for prototype or production

Electrical and Lighting – Aside from incandescent lighting, we can install LED displays and/or LCD technologies into your sign

Painting and Coatings – Our paint shop uses sign quality paints and coatings so your signs continue to look great come rain, snow, or sun.

We turn your vision into reality!

- Marquee Signs
- Back-lit Signs
- Reader Boards
- Poster-cases
